SB 903	Anderson	Fiduciary Determinations for Iran Divestment	Oppose	08/17/2011- Assembly Appropriations Committee; suspense file.
A-07/01/2011		Existing law allows the CalPERS Board of Administration to suspend action as described in the California Public Divest from Iran Act (Act) if it determines such action would be inconsistent with its fiduciary duties as described in the California Constitution. This bill replaces that authorization with the requirement that the Board determine in a properly noticed public meeting that a specific action described in the Act would be a breach of its fiduciary responsibilities in order to suspend action. This bill cannot become effective unless AB 1151 (2011) is also enacted on or before January 1, 2012.		
SCA 13	Cannella	Pension Reform		06/29/2011- From printer. May be acted upon on or after July 29.
I-06/28/2011		Makes significant changes to the provision of State and local public employee retirement and health benefits, and the administration of public retirement systems under the State Constitution. Among other things, it would, for employees first hired on or after July 1, 2012, only allow DB plans to be provided as part of a hybrid retirement plan, allow retirement benefits to be altered on a prospective basis, and impose limits on pension benefits. For all public employees, it would allow or require increases in employee contributions for both pension and retirement health benefits, and generally prohibit employer contribution holidays or the payment of member contributions. It would also replace retirement boards' authority over actuarial functions with an independent plan actuary appointed to a 12 year term and impose additional qualification requirements on board members.
